If skin irritation occurs: Get medical advice/attention.

If eye irritation persists get medical advice/attention.

Take off contaminated clothing and wash it before reuse.

If exposed or concerned: Call a POISON CENTER/doctor.

Store in a well-ventilated place. Keep container tightly closed.

Dispose of container and contents in accordance with local/national regulations.

#### FIRST AID MEASURES

**INHALATION:** Treat symptomatically. Remove patient from source of exposure and move to fresh air. **EYES:** Remove any contact lenses. Rinse eyes immediately with plenty of clean water for at least 15 minutes. Hold eyelids apart while flushing. Get medical attention/advice. **SKIN:** Wash affected areas (skin) immediately with soap and plenty of water. Get medical attention/advice. **INGESTION:** Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention/advice.

#### HANDLING AND STORAGE

**SAFE HANDLING:** Wear suitable protective clothing. No special measures necessary if stored and handled correctly according to label. Keep away from heat, sources of ignition, protect from sunlight and from freezing. Ensure thorough ventilation of stores and work areas. Wash hands, arms and face after use. Wash gloves and contaminated protective clothing daily. **SAFE STORAGE:** Store out of reach of children, tightly closed in original containers, which include the complete label, in a cool, dry and well ventilated area out of direct sunlight. Storage class (TRGS 510): Combustible liquids. Segregate from foods and animal feeds.

**EMPTY CONTAINERS:** Triple rinse empty container with clean water equal to 30 % of the volume of the container and add rinsing to the mixing tank. Puncture the container so that it cannot be re-used. Recycle (do not burn). DO NOT USE container for any other purposes.

Read label before use

# SKIMMER PLUS

'n Gekonsentreerde oplossing vir die verwydering van na-oes chemikalieë residu vanaf harde oppervlaktes in die pakhuis om die risiko van residu oordrag na vrugte en groente te beperk.

A concentrated solution for the removal of post-harvest chemical-residues from packhouse hard surfaces to limit the risk of residue transfer to fruit and vegetables.

#### COMPOSITION:

Butanol derivative ..... 64 %  
With non-ionic surfactant

Batch Number: **SEE**

Net volume:

Date of Manufacture: **CONTAINER**

**20 ℓ**

Manufacturer:

ICA International Chemicals (Pty) Ltd

Reg. No. 2001/013319/07

#### DIRECTIONS FOR USE

Use only as directed

- Add 1 ℓ SKIMMER PLUS to 4 ℓ of water (20 % mixture).
- Mix well.
- Wash and scrub dirt free surfaces with mixture. Rinse surfaces thoroughly with plenty of clean water while still wet. Do not allow cleaning mixture to dry on surfaces.
- It is recommended that after cleaning of surfaces, first fruit which passes over the treated surfaces, are sent for residue analysis.
- Surface swabs of surfaces after cleaning can also be sent for residue analysis.
- If residues above the target are still present, repeat the cleaning process.

#### GEBRUIKSAANWYSINGS

Gebruik slegs soos aangedui

- Voeg 1 ℓ SKIMMER PLUS in 4 ℓ water (20 % mengsel).
- Meng goed.
- Was en skrop reeds skoongemaakte oppervlaktes met die mengsel. Spoel deeglik af met genoegsame skoon water terwyl nog nat. Moenie dat skoonmaakmengsel op oppervlaktes droog word nie.
- Dit word aanbeveel dat die eerste vrugte wat oor die behandelde oppervlaktes beweeg, weggestuur word vir residu ontleding.
- Deppers van die oppervlaktes kan ook ingestuur word vir residu analyses.
- Herhaal die skoonmaak proses indien residu bo teiken is.
